Billie Chan

Financial Controller at Linde
Munich

Summary

Financial controller with a demonstrated history in data analytics and digitalization

---

Experience

Linde
4 years 1 month

EMEA Financial Controller
June 2020 - Present (1 year)
Munich, Bavaria, Germany

- Managing financial budgeting, planning, reporting and CAPEX topics in EMEA
- Navigating the EMEA regions and countries in their finance processes through new requirements and organizational changes, and acting as intermediary between EMEA and US Corporate by implementing solutions that bridge the gap between disparate reporting landscapes
- Nominated for the Linde Talent Program; recipient of the Linde Leadership Award

Data Scientist
2018 - May 2020 (2 years)
Munich, Bavaria, Germany

- Located within the Global Financial & Business Analytics team, acting as domain expert and solution provider to the core business throughout the analytical value chain – from data mining, data modeling, and process setup in SQL and R, to interactive visualization and story-telling in Tableau
- Projects: Financial Flash Forecasting Tool with Predictive Analytics, Financial Budgeting Tool, Financial Quarterly Variance Analysis Tool, CAPEX Analysis Tool, Customer/Product Profitability Analysis Tool, Automatic Documentation Tool for SAP HANA, Integrated Tableau Input Solution

EMEA Financial Controlling Intern
May 2017 - 2018 (1 year)
Munich, Bavaria, Germany

- Managed complex corporate data sources using Excel Power Query and participated in the planning, budgeting and reporting process
- Drove the EMEA Finance Tableau data visualization project and won senior management approval for compelling results
- Automated several core monthly processes with Python and the RPA software UiPath and created competitive intelligence dashboards with NLP and machine learning techniques

E.ON
HR Analytics Intern
May 2016 - January 2017 (9 months)
Berlin Area, Germany

- Assisted the management in delivering HR Shared Services to six countries, and worked on a range of reporting topics with innovative analytics solutions (VBA, Power BI)
- Organized efforts for the Health & Safety topic together with the managing director, addressed compliance challenges and defined best practices

Fuse
Co Founder
September 2015 - March 2016 (7 months)
Berlin Area, Germany

- Left college to co-found (and failed) a 4-man FinTech startup centered around the ChatBot concept
- Drafted the pitchbook, oversaw prototyping, and networked extensively with seed investors and fellow startuppers

Bund Education Ltd.
Co Founder
June 2015 - March 2016 (10 months)
Shanghai City, China

- Co-founded a 2-man education startup in central Shanghai in an effort to raise fund for further studies
- Attained more than 20,000 EUR margin within the first two months

New Channel International Education Group
SAT Instructor
June 2015 - June 2015 (1 month)
Shanghai City, China

- Briefly worked as an SAT instructor (focusing on the Critical Reading section) at a renowned education establishment in Shanghai

Education

Jacobs University Bremen

Bachelor's degree, Economics · (2014 - 2018)
